Oud Metha, Dubai, UAE

## SUMMARY

Full-stack developer and Computer science student in Dubai with a strong passion for blending artistry and technology to build innovative, original solutions. I bring high energy, adaptability, and an unwavering commitment to quality in everything I do. Always eager to learn from others, rapidly pick up new tools and skills, and push my technical and creative abilities further. Ready to tackle challenging projects that drive real impact and accelerate my growth in the industry.

## EDUCATION

**Bachelor of Science, Major in Computer Science**

University for the Creative Arts - UCA, Umm Al Quwain

- Expected to Graduate August 2027.
- Relevant coursework - Ideation & UX Design, Creative Coding, and Web Programming.
- GPA 3.5, Academic Achiever

**Science, Technology, Engineering, Mathematics Strand**

The Philippine School Dubai

- Graduated with an Average Grade of 90
- Relevant coursework - Fundamentals in Science, Technology, Engineering, Mathematics, Principles of Engineering and Design, Physics and Chemistry, Introduction to Computer Science and Technology

## EXPERIENCES

**Full-Stack Developer** — **October 2025 - Present**

Freelance

- Built and launched Navillera (navilleracharms.com), a live e-commerce store in Next.js with a custom bracelet builder (339 charms), live pricing in AED, cart and checkout; deployed on Vercel.
- Built FindIt (findit-uae.vercel.app), a full-stack campus lost-and-found app with a REST API in Node.js, Express and MongoDB, university-only sign-up, and an installable offline mode (PWA).
- Wrote secure login from scratch: password hashing with scrypt, signed JWT tokens, and server-side checks so users can only edit their own data.
- Designed high-fidelity Figma prototypes, with design systems and user flows, before building.

**Guest Services Associate - Part Time** — **January 2026 - Present**

Dubai Opera

- Maintain a high standard of guest relations during peak performance hours, providing agile support across ticketing, ushering, and VIP lounge areas.
- Demonstrated strong situational awareness, identifying and resolving potential safety or service bottlenecks before they impacted the guest experience.

**Burger King Crew Member - Internship** — **February 2024 - May 2024**

Olayan Food Division

- Thrived in a fast-paced environment requiring efficiency and attention to detail, with a strong emphasis on communication and teamwork.

**Volleyball Assistant Coach** — **June 2023 - June 2024**

One Dela Cruz Academy Dubai

- Assisted coaches in teaching volleyball fundamentals and conducting advanced training sessions, contributing to the development of players at all levels.

## EXTRA-CURRICULAR ACTIVITIES

- **FIRST FOOD SERVICES LLC, Student Work Immersion Program 2024** - May 1, 2024. Dubai, United Arab Emirates.
- **Sololearn, Introduction to Python Certificate –** Online Learning Platform – Date Completed: 11/28/24
